# Material Distinction: The Textile Collection

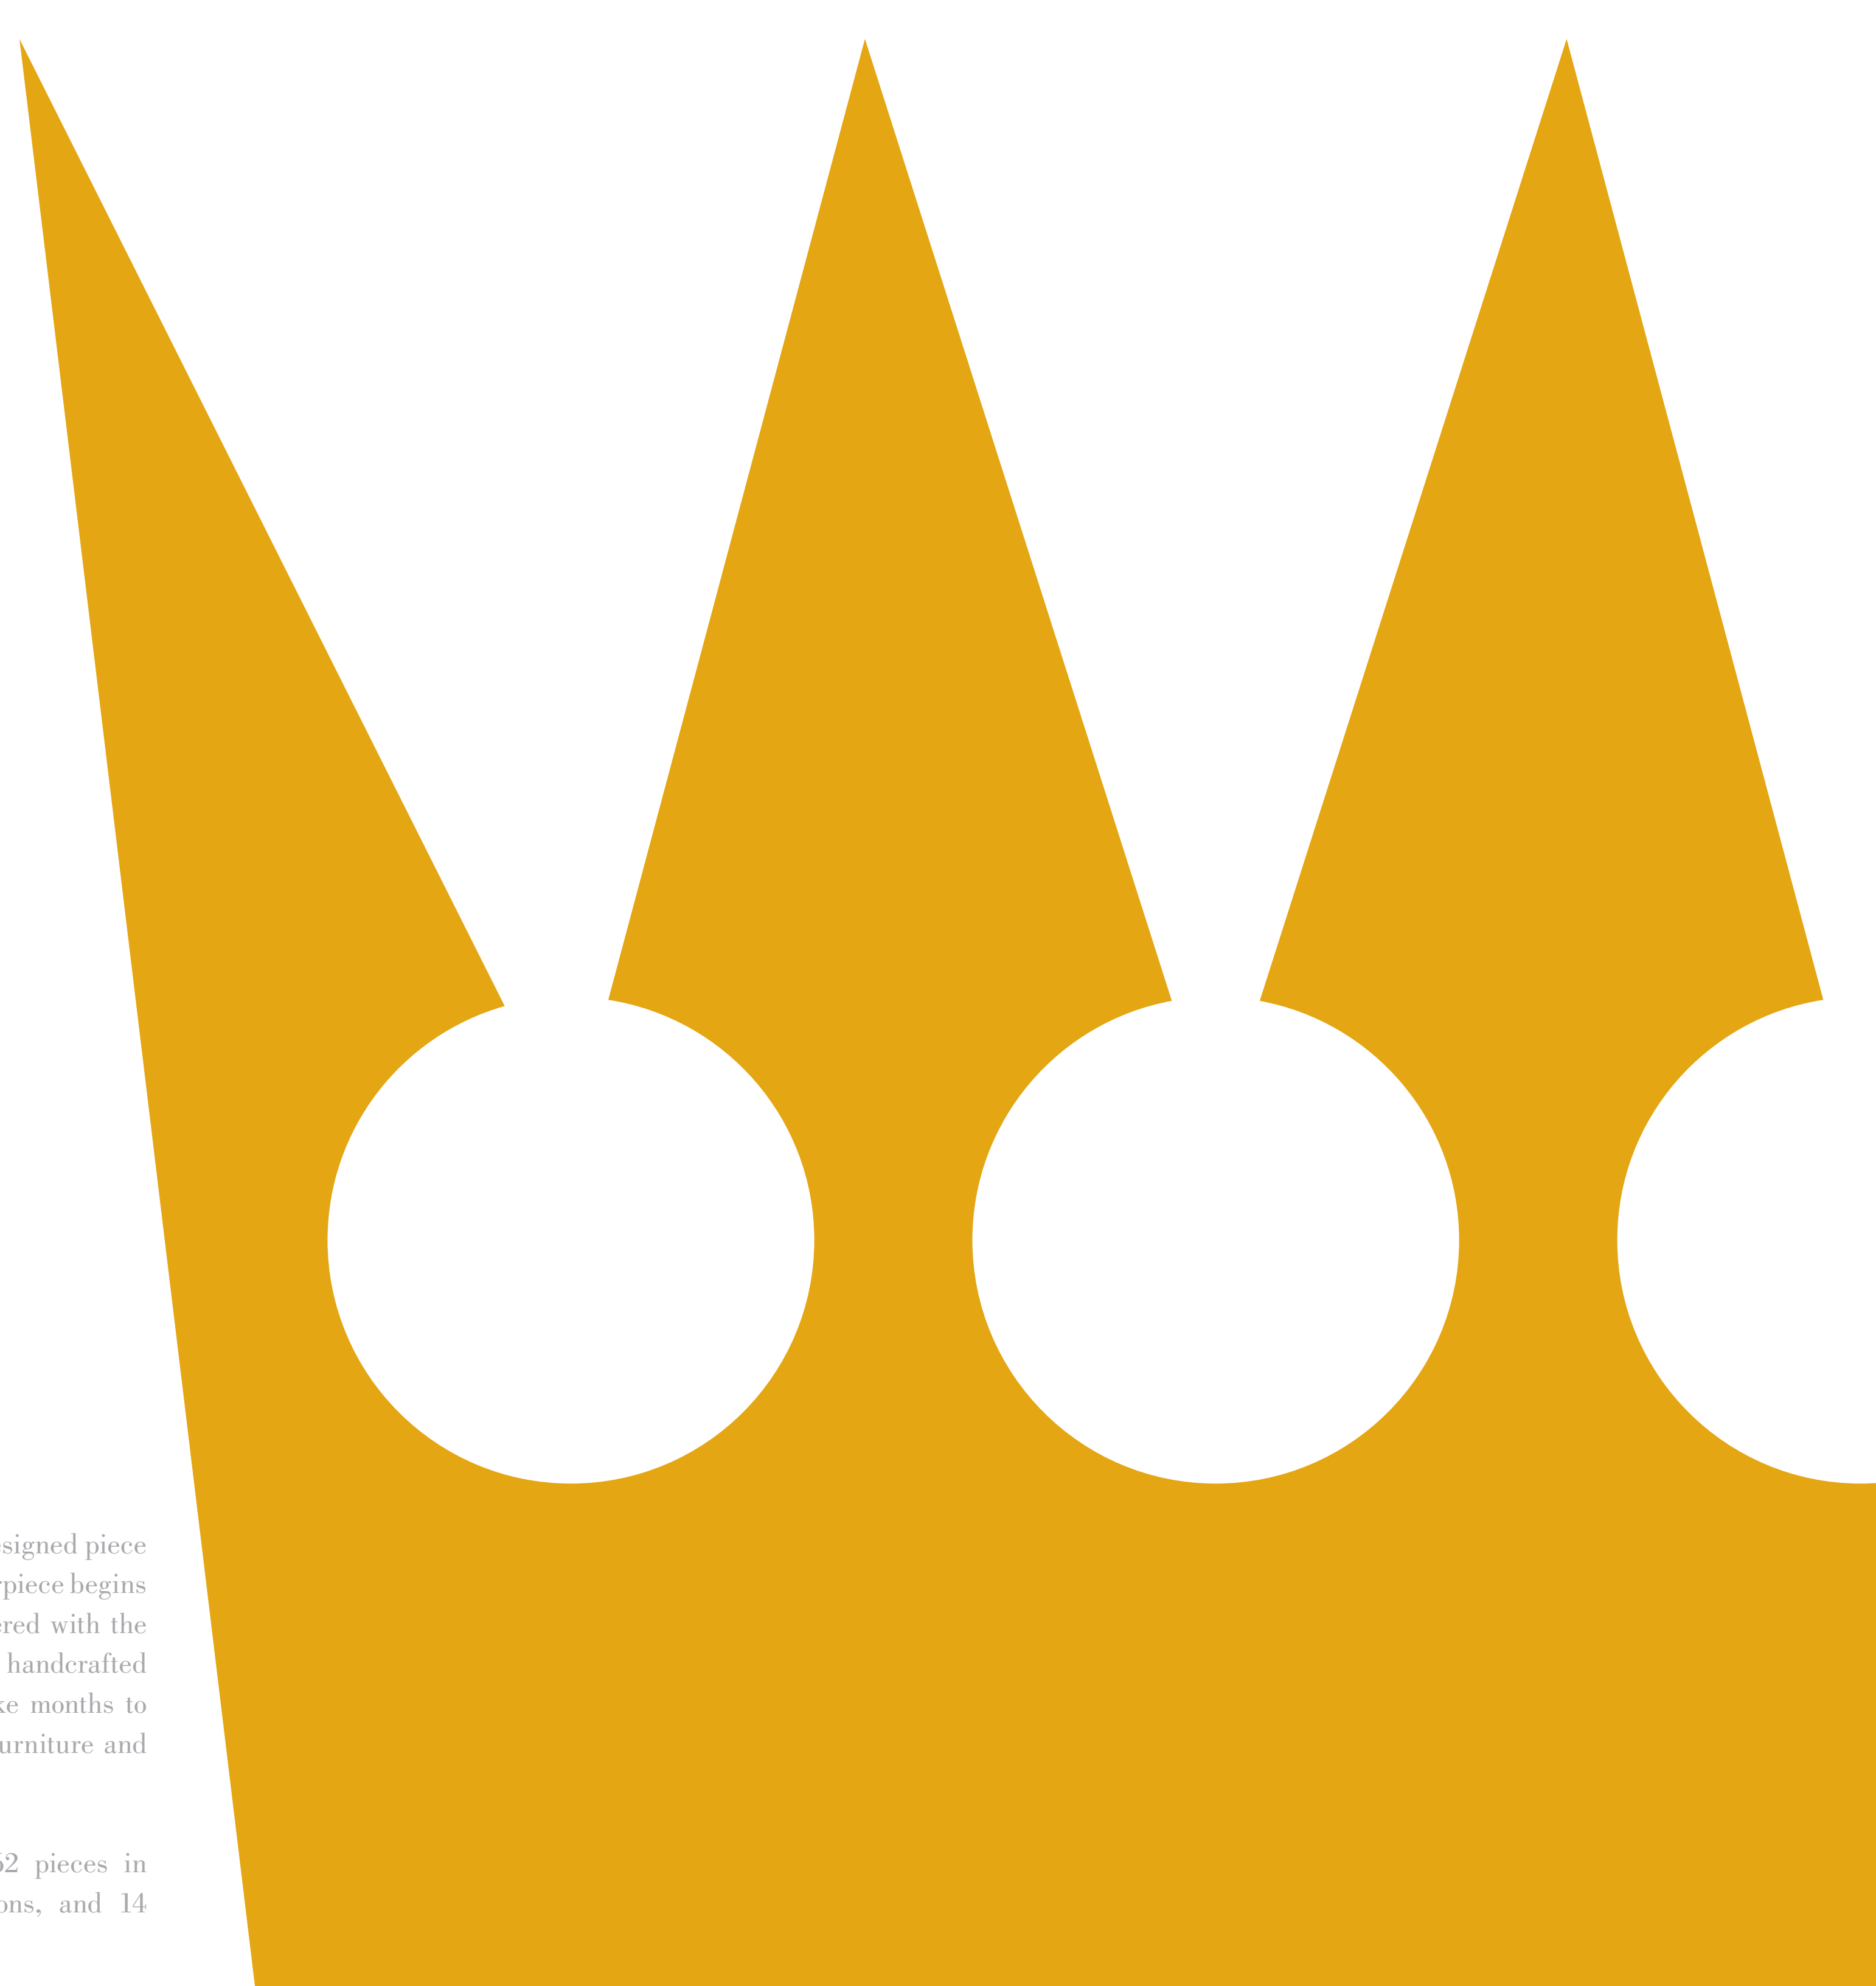

**JANUS et Cie SETS THE STANDARD** for luxurious and extremely durable fabrics. Sophisticated practicality is the constant source of inspiration for our upholstery, decorative, sheer, and linen offerings. Microbe resistant fabrics with naturally protective solution-dyed acrylics ensure that life's unanticipated turns—weather, temperatures, spills, pets—never stand in the way of enjoying time at home, indoors or out. A spectrum of vibrant colors, varied patterns and lush textures provides a comprehensive palette to coordinate with any style and setting. Each of the fabrics in the JANUS textiles collection is also sold by the yard and, like all of our products, can be shipped worldwide.

Adding further dimension to the collection, we offer custom outdoor textiles. Encompassing sixteen exquisite patterns and twelve ground colors, each special order selection is hand silk-screened in an array of proprietary pigments. This unique line of geometrics, florals, stripes and large-scale prints offers the ultimate in personal expression.

# Masterpiece Collection

**TO BE DESIGNATED** a Masterpiece at JANUS et Cie, a designed piece must achieve an unparalleled level of excellence. A Masterpiece begins with exquisite composition. It is then rigorously engineered with the finest materials and finishes available, and masterfully handcrafted employing time-honored traditions. These selections take months to produce, representing the most exclusive and intricate furniture and accessories we offer.

The mindful distinction of Masterpiece now graces 62 pieces in the Fibonacci, Boxwood and Wing furniture collections, and 14 accessories for the home.
