## BEYOND TOPIARY

## How Four Seasons Perfectly Captures the Oahu Spirit

Hawaii is a magical place, and the Four Seasons Ko Olina on Oahu manages to take the perfect paradise to a new level. The resort welcomes guests with luxurious JANUS et Cie furnishings, fabrics and even custom rugs throughout the 371 guest rooms and suites on this idyllic property, nestled between the beach and a nature reserve.

With an effortless air of relaxed luxury, the Ko Olina strikes the perfect balance of peaceful and adventurous. The brilliant design team at Philpotts & Associates completed this dazzling project in 2016, and since then, the excellent hospitality of this Four Seasons resort has truly become an icon of its namesake. Ko Olina itself means place of joy.

Contempo Chaise Lounges line the waterfront providing a stylish respite and a lovely spot to appreciate some of the most breathtaking scenery Oahu has to offer, while Amari Rattan High Back and Low Back Armchairs connect the resort's interior to nature with organic materials and natural hues. The resort's stunning pool is surrounded by Quinta Teak/Woven Chaise Lounges and palm trees swaying in the relaxed breeze. With classic Hawaiian style and warmth, Philpotts & Associates has created sublime spaces for this extraordinary destination.
