BEYOND TOPIARY

Timeless and Versatile as a Little Black Dress: The Amalfi Collection

Inspired by heirloom Etruscan design techniques and the tradition of hand-forging metal latticework, the effortlessly graceful and luxurious Amalfi Collection is among our most adored collections. Classic Amalfi's charming silhouettes are each a perfect balance of graceful contours, intersecting lines, signature accents and plush cushions. The comprehensive collection is engineered for longevity in solid stainless steel and comprised of a generous offering of dining and lounge furnishings, including luxurious poolside pieces, a variety of accent tables, an elegant bench and a beautifully designed bar cart, all available in a palette of practical neutral hues. Tables are offered with luxurious stone tops or tempered glass tops that expose their stunning frames. The latest addition, the Amalfi Grande X Dining Table, is designed to allow for extended leg room in a visually captivating base design.
