## Singapore Showroom Celebrates Excellence in Hotel Design During AHEAD Asia Awards

We were thrilled to host the inspiring hotel design and architecture community in the Singapore showroom on the evening before the prestigious AHEAD Asia 2019 awards to honor excellence in design. Recognized globally for exquisite design, exceptional high-end furniture, and an enduring, style-driven offering, JANUS et Cie furnishings are featured in some of the most venerable resorts and hotel properties worldwide.

Friends and colleagues gathered in the showroom and enjoyed canapés and drinks to celebrate AHEAD Asia's shortlist as well as the esteemed judges in anticipation of the global awards ceremony that has now become synonymous with the world's most impressive high-end hotel design. Janice Feldman, founder and CEO of JANUS et Cie, greeted guests with enthusiasm and looked forward to presenting an award at the ceremony the following day.
