JANICE FELDMAN

JANICE FELDMAN, CEO of JANUS et Cie, has been a leader in the design industry since the company's founding 35 years ago. A trained artist and interior designer schooled in graphics arts and industrial design, Feldman is renowned as a business maverick, a champion of great design, and a visionary in the field of material innovation.

In 1978, Feldman opened her own business in the Pacific Design Center with encouragement from her late husband, Murray Feldman, developer of the noted Los Angeles landmark. She named her nascent company JANUS et Cie, a homonym for Feldman's own first name. JANUS is the Roman god with two heads, one looking forward and the other looking back, who embodies Feldman's own approach to design and to life: zest for innovations of the future, respect for traditions of the past. The French "et Cie," translates as "and company" to acknowledge that a company, like a life, is a collective as well as an individual effort.

In her passion for travel, Feldman has climbed the Himalayas and tracked chimps in the jungles of Tanzania. Her quest for understanding different cultures has lead Feldman to extended journeys in Europe, Southeast Asia and the Middle East. Her devotion to environmental responsibility has driven her to pioneer the use of environmentally friendly materials to extend product life cycle. This dedication has been recognized throughout the industry.

Thanks to Feldman's esprit, what began as a representative firm for established furniture and textile manufacturers has evolved into a unique and extremely eclectic company, the leading international source for contemporary lifestyle furnishings and accessories. Feldman plays an integral role in product development at JANUS et Cie and has created many award-winning collections. Recent additions are Amari, Boxwood, Capsule, Relais, Suki, Tadlow, Triad, Vino, Whisk, Wing and Whiskey.

BEAUTY, ELEGANCE, INNOVATION, design integrity and superior craftsmanship define the powerful alliance in all of the diverse collections Janice Feldman creates. Suki, Amari and Boxwood are among her latest and most celebrated designs gracing distinguished private and public settings around the world. Her internationally acclaimed Suki-O Dining Chair recently received the prestigious Red Dot Award for Design Excellence.

UNWAVERING IN HER COMMITMENT to environmental stewardship, Janice Feldman concentrates on renewable resources through the use of premium natural rattan and plantation teak. Since the inception of JANUS et Cie, she has developed post-consumer recyclable synthetic woods and fibers that are clean to manufacture. Feldman's best selling collections are engineered with these innovative and beautiful materials.

THERE IS AN EXPANSIVE ARRAY from which Janice Feldman draws her inspiration. Respectful nods to Matisse, Noguchi, Saarinen, Eames and Neutra can be found in her designs, yet perhaps the greatest influence is very close to home. In Janice Feldman's loving words, her beloved mother, Lea, "filled the world with memorable moments of beauty, imagination, laughter and love. Her passion for quality, style and detail taught me to live a life well lived."
