Shopping Malls

Designed for diversity, JANUS et Cie furnishings are cleverly suited to shopping centers, cafés, cafeterias and lounges. In addition to function and durability, our collections celebrate variety—of form, material, application, and color. Dining and lounge styles range from classic to contemporary, and are available to suit a variety of budgets. Each design is precisely engineered, exquisitely manufactured, and skillfully finished using processes that combine the latest industrial technologies with the expert touch of a craftsman's hand.
