SOFT LANDINGS

Outdoor fabrics are great for adding personality to an outdoor space, which really is an extension of the interior. Paul Bangay's range of outdoor fabrics for Elliott Clarke and Perennials Fabrics, used here, are my top picks. Outdoor fabrics can also be very helpful in locations like Queensland where the sun is very strong. The fade-resistance of outdoor fabrics makes them a good choice for indoors too, especially in brightly lit rooms. **H&G**

Design tip

Don't make outdoor lights an afterthought. Solar lights, pendants, uplights, even string lights can create lovely atmosphere.
