

## *Rethinking Wellness*

**How the next generation of healthcare spaces are making people happier and healthier**

**Castelle: Savannah Collection**

[castelleluxury.com](http://castelleluxury.com)

Suitable for balcony or patio dining, this outdoor furniture collection, designed by Barclay Butera for Castelle, embraces a subtle tropical chinoiserie style, with soft bamboo designs on the durable aluminum frames.

**JANUS et CIE: Knot Two-Seat Sofa**

[janusetcie.com](http://janusetcie.com)

A new addition to the Knot collection, this two seat sofa features intricately handwoven olefin rope supported by a lightweight aluminum frame. A seat cushion and back pillow bring added comfort.

**HAY: Élémentaire Chair**

[us.hay.com](http://us.hay.com)

Ronan and Erwan Bouroullec used the latest technology to design this chair that features precise proportions and a clear profile, combined with a durability that makes it suitable for year-round outdoor use.

**Century Furniture: Sail Lounge Chair**

[centuryfurniture.com](http://centuryfurniture.com)

From the Sail Collection by Allison Paladino, this chair reflects a love of sailing, and combines a powder-coated extruded aluminum frame with a substantial cushion for added comfort.

**Serena & Lily: Bamleke Outdoor Coffee Table**

[serenaandlily.com](http://serenaandlily.com)

The basket weave pattern on this coffee table puts a modern spin on traditional African design. Handcrafted of resin with a wooden interior for extra support, this piece is ideal for outdoor use.

**Moroso: Modu Chair**

[moroso.it](http://moroso.it)

Designed by Ron Arad for Moroso M'Afrique, this chair has a curving steel frame and a seat made from intertwined polyethylene thread—traditionally used in Africa for fishing nets—in a vibrant color combination.

**Phifer: Mount Chill Collection**

[phifer.com](http://phifer.com)

This collection of casual indoor and outdoor furniture fabrics from Phifer blends earthy desert hues with contemporary design. Its rustic palette features warm reddish brown, gold, cream, and near-black.

**Kartell: Smartik Stool**

[kartell.com](http://kartell.com)

This outdoor stool from Kartell is crafted using a special injection technology: Layers of polycarbonate are molded into a single piece seat that is supported by a stainless-steel frame.

**Trex Outdoor Furniture: Cape Cod Adirondack Rocking Chair**

[trexfurniture.com](http://trexfurniture.com)

With its contoured seat and classic Adirondack style back, this casual seating option updates the traditional rocking chair, shown here in an aqua blue shade called Aruba.
