Troy Lighting Outdoor's Allegheny features hand-forged iron in a centennial rust finish and an incandescent lamp within a clear glass jar. The jar is captured in a metal wire cage and set beneath a circular metal umbrella. www.troy-lighting.com

Sifas presents Sakura, a fluid collection of modular lounge furniture by UK designer Mark Robson. Ottomans, side tables, armchairs, loungers, and beds are covered in woven Hydropass materials, ensuring comfort and durability. www.sifasusa.com

The Saga Cocoon Daybed from **Roche Bobois**, designed by Christophe Delcourt for the Spring/Summer 2012 collection, is inspired by the outdoors, using solid Italian acacia wood for an abstract representation of twigs and sticks. www.roche-bobois.com

Brentano's Zinnia is an upholstery that maintains the Japanese stencil-inspired, botanical pattern of the company's Dahlia pattern, but reimagines the weave and color options for outdoor requirements and applications. www.brentanofabrics.com

Royal Botania presents Surf, a two-person hammock made from electro-polished, marine quality stainless steel mesh and a Batyline canopy for weather-resistance and durability. www.royalbotania.com

Designed by John Caldwell, Sunset from **Gloster** features a 1960s-inspired design with curved, handwoven fibers over color-matched, powder-coated aluminum frames. This deep seating collection includes a number of sofa, chair, and ottoman options. www.gloster.com

JANUS et Cie's Boxwood features a proprietary weave that highlights the craftsmanship and versatility of JANUSfiber. The open, decorative weave and crisp lines of the collection are offered in a variety of sofas, chairs, tables, and ottomans. www.janusetcie.com
