# How to make a house a home

Originally designed in 1957, you can imagine where the designers of the 375 CHAIR saw their creation; in a salon among friends sharing an aperitif and good conversation in anticipation of dinner. Reflecting the spirit of the times this chair features a light presence and charming air, beckoning social occasions.

SENSA by Cosentino is a new range of granite surfaces reformulated with Senguard NK, an exclusive stain protection technology improving the longevity of the product. SENSA resists stains, repelling liquids like water and oil, and doesn't require special maintenance – even in the lighter coloured varieties.
