GET CRACKING!

Nothing announces the arrival of summer quite like a plate of lobster. Southampton-based Lennegan & Marantz, known for its bespoke furnishings and stylish home accessories, takes that sentiment literally with this colorful lobster plate, part of a collection of tableware inspired by creatures from the sea. Each is made of durable, dishwasher-safe china at a family-owned pottery on the island of Jersey in the Channel Islands.

From \$55 for a dinner plate, 44 Main St, Southampton, 631-899-4535, lenneganandmarantz.com.
