

hospitality design

The background image is a photograph of a contemporary dining space. Two large, dome-shaped pendant lights made of woven wicker hang from the ceiling. Below them, a dark, rectangular table is partially visible, with a white modern chair in the foreground. The room is filled with greenery, including a large plant on the left and smaller vases with flowers on the table. The scene is viewed through sheer, light-colored curtains, creating a soft, filtered light effect. The overall aesthetic is modern and organic.
