It is seen here paired with 'Savannah' armchairs with seat cushions in standard fabric, which cost £3,144. janusetcie.com

9 ARTFUL IMPACT

A new piece by David Harber will turn your outdoor space into a sculpture garden

This striking incarnation of Torus – the word that describes a single-holed ring – is fashioned from mirror-polished, stainless steel. The fragmented, laser-cut surface mimics the iris of an eye. 'Iris Torus' has evolved out of David Harber's signature 'Stainless Steel Torus' sculpture and was a big hit at RHS Chelsea Flower Show last month. Prices on request. davidharber.co.uk
