Rodolfo Dordoni
for **Minotti**

Jangir Maddadi
for **TreCe**

Clodagh
for **Walters**

Janice Feldman
of **Janus et Cie**

product Sunray
standout Cozy mattress-like cushions soften the versatile outdoor seating system, with teak bases and curved backs of bronze-polish stainless steel strung with ecru or bronze cord. minotti.com

product Popsicle
standout Waste not, want not courtesy of a bin with three leg-stand options and an arched top in galvanized sheet steel, the latter powder-coated one of 11 standard colors or any RAL hue. Through Scandinavian Spaces. scandinavianspaces.com

product More Comfort
standout The Irish-born, New York-based wellness and spa designer took inspiration from Le Corbusier's classic sofa to create a 40-piece collection including a plush lounge chair suitable for residential and commercial spaces. walterswicker.com

product Conic
standout The brand founder's olefin rope-woven aluminum chaise—with proprietary powder-coat in Talc Fossil, Graphite Shale, and Chassis Silver—stacks four high and coordinates with a barstool, side table, and side chair. janusetcie.com

CLEANING STANDARDS DEMAND WALLCOVERINGS

Now more than ever, cleanability of wall surfaces is paramount. Wallcoverings claim a long history of cleanability and durability. Choose from a wide selection of patterns and materials that can be cleaned using the EPA's List N of disinfectants for COVID-19. Wallcoverings, semi-rigid and rigid wall products are scrubbable, durable, antimicrobial, and able to be disinfected with bleach-based detergents. All retain their long-term beauty even under the harshest cleaning protocols. See the industry's Disinfecting Declaration at: wallcoverings.org/cleanability

Wallcoverings Association
