**AN OUTDOOR FIRE
MAKES FOR THE PERFECT
GATHERING SPOT.**
BY LISA SPECKHARDT

● **CAPPED PLAZA FIRE PIT**

Guests can hang out in an outdoor space designed by John Robert Wiltgen Design at the Hyatt Centric Chicago Loop even when it's chilly, thanks to the Capped Plaza Fire Pit. Designed by Kyle Hart of Hart Concrete Design, the fire pit combines concrete and fiberglass to make it durable and is available in eight colors. Fuel for the fire can be propane, natural gas, or bioethanol. ●
