**Above:** To add texture, color and pattern to the great room's neutral palette, Boutross selected a rug by Tufenkian Carpets from David E. Adler Inc. Fine Rugs. A Hudson Furniture wall sconce from David Sutherland in Chicago plays off the lines of the sculptural metal fireplace insert by Rudy Hodgers. The patio beyond can be accessed through multi-slide doors from Vitrocsa in Culver City, California.

**Left:** The great room's comfortable seating arrangement includes a Coraggio sofa covered in Perennials fabric, a pair of lounge chairs by A. Rudin and a cocktail table also by Coraggio. The state-of-the-art project includes a home automation system from Lutron by David Brown.

Near the fireplace on the rear patio of the main residence, a set of Tosca lounge chairs from Janus et Cie in Chicago ensure the outdoor living area is as stylish and comfortable as the interior. A wood ceiling from Tom White Carpentry continues into the house, reinforcing the link between inside and out.
