Inspired by the summer, signature pieces for the season create a fresh vision of outdoor living.

TEXT BY KIM MOSLEY

Whether your fantasy retreat involves sipping mojitos under a palapa on a beach or dining alfresco overlooking azure ocean waters, celebrate the idea that a relaxed state of mind can be had with a couple of key ingredients: good company and a fabulously fresh outdoor living space. Now, casual is the direction of choice for living and entertaining — breathing new life into design inside and out. And each September, the International Casual Furniture & Accessories Market does just that by providing retailers with an outlet to find all things related to outdoor and casual living. Featuring the latest products and trends in the industry, the Casual Market averages more than 350 exhibitors and showrooms. For more information, visit www.casualmarket.com. **M**
