

MILLEU

SUMMER 2018

The volume of the kitchen/ breakfast room is both dramatic and intimate. Janus et Cie Amari Vita armchairs are grouped around a fumed American walnut and steel table that is positioned near a gas fireplace. Three Alison Berger for Holly Hunt handblown bell-jar pendants are suspended over the table and spacious island; the faucets are Dornbracht. A series of clerestory windows help establish the prevalent indoor-outdoor dynamic of the house.
