furniture collection

# Beautiful Out And In

WITH AN EYE TOWARDS STYLE, PANACHE AND SUSTAINABILITY, THE JANUS ET CIE 2014 COLLECTION MAKES A STRIKING ADDITION TO THE DISCERNING HOMEOWNER'S LIVING SPACE AND LAWN

## AS THE LEADING PREMIUM LIFESTYLE BRAND

offering indoor and outdoor furnishing for over 35 years, Janus et Cie's designs boast a blend of aesthetics, durability and performance. The brand is led by president and CEO Janice Feldman, who is also an award-winning designer in her own right. Feldman's unique style and outstanding design integrity are vital to Janus et Cie's success and contribute to its timeless appeal. The brand also collaborates with celebrated industry leaders while pioneering the use of environmentally conscious materials, such as premium natural rattan and plantation teak, in its collections.

## For Perfect Living

The Janus et Cie collections are created with interior and exterior spaces in mind, thoughtfully designed to complement interior architecture and scaled for dining, living, and lounge spaces. This merging of unique form and function for all environments is epitomised in the JanusFiber, Janus et Cie's proprietary hand-woven fiber. Acclaimed for possessing a superior level of resistance to fading and tearing, home and outdoor furnishing created with the iconic fiber promise outstanding durability and superb performance in all exterior environments year after year.

## Soar in Harmony

Evoking the curve of a bird's wing in flight, the Wing outdoor furniture collection's ambitious design weaves a natural aesthetic with superior craftsmanship. The five-piece collection features a lounge chair, two- or three-seater sofa, a round cocktail table and a round side table, with finish options in Nimbus White or Lava.

### Designed To Enhance

The charmingly round-bodied Vino table collection is the perfect complement for Wing. Vino's full curves characterise its unique design, while the wide-open pattern of the weave lends its ample frame an immaculate lightness. Taking its name from both its generous shape and its expansive adaptability, a Vino table transforms into an ottoman when topped with a cushion, for an additional seating element.

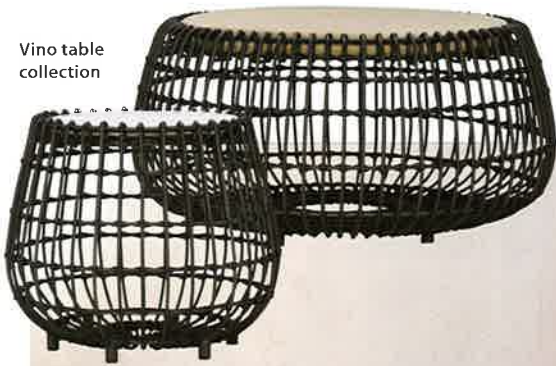

### Beauty Beyond The Surface

Both lustrous and laid back, Slant is a full seating collection with a polished sensibility. Its seating pieces can be easily customised with over 200 Janus textile options, while the evocative forms of its cocktail tables are accompanied by glass and marble tops to accent their angular boldness. Available in Cirrus white, Moire taupe, or Kalamata grey, Slant is inspired by the clean boldness of architectural lines, and is as arresting to the eye as it is to touch.

### Form Meets Function

Modern, smart and understated in design, the Tadlow chair's named for its relaxed, informal seat style creating a casual, contemporary sensibility to the collection's design. This delightfully laid back collection consists of armless bar stool, ottoman and table selections, together with three seating styles of arm, side and lounge chair options. The chairs are available in powder-coated aluminium or premium teak frame options, as well as with three seat and back options of bronze JanusFiber (pictured below) and hand-woven polypropylene strap in griegie or green.
