DISPLAY UNTIL JANUARY 1, 2024

The artwork above the family room mantel is by the homeowners' daughter, Sarah Palmer. This page, above: The custom sofa, swathed in Holland & Sherry performance fabrics and Samuel & Sons trim, provides function and durability in the high traffic family room. Left: The client wanted an eclectic mix for the patio furnishings, so Rabinowitz sourced new lounge seating from Janus et Cie and commissioned custom tables and dining chairs from Design Frères in California.

**Please note that items not listed are privately owned.**
