THE SPA

Celebrity Cruises revealed a new, wellness-focused spa design for The Spa by Canyon Ranch. The Spa features transformed treatment rooms, the salon, Persian Garden, fitness centre, and more to soothe guests from the moment they arrive.

Celebrity Summit is already turning heads after completing the dramatic transformation. The ship's revitalisation is the next chapter of The Celebrity Revolution, Celebrity Cruises' extensive modernisation effort.

Celebrity Summit is just the second 'Revolutionary' redesign for the brand, with Celebrity Equinox just completing and six more ships to be modernised by 2023.

The Celebrity Revolution will change the way you experience the world aboard Celebrity Summit.
