At Home in the World

From Santa Barbara to Cape Town, furniture brand JANUS et Cie has mastered the art of stylish outdoor living. Here, take a seat.

SANTA BARBARA

Rows of chaise longues from JANUS et Cie's Laszlo collection line the Coral Casino Beach and Cabana Club's pool at the Four Seasons Biltmore. Their sleek white design is perfect for soaking up those California rays—just don't forget the sunblock.

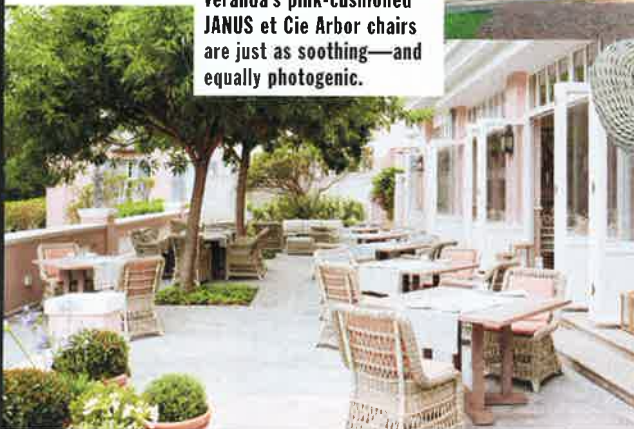

WESTON, MASS.

JANUS et Cie's Azimuth chairs fill the back yard of this private home. Their neoclassical forms fit the New England setting, while the geometric patterns are a fun twist for alfresco entertaining.

CAPE TOWN

The pink façade of the Belmont Mount Nelson isn't just for Instagram; in 1918 the hotel got a new paint job to celebrate peace following World War I. The veranda's pink-cushioned JANUS et Cie Arbor chairs are just as soothing—and equally photogenic.
