“IN NEW YORK, HAVING THIS TERRACE AND THIS APARTMENT IS A TRUE LUXURY. I'M A NESTER BY NATURE. IT FEELS AMAZING FOR ME TO BE ABLE TO COME HOME EVERY NIGHT AND CLOSE THE FRONT DOOR.”

—Tim Gunn

Terrace Parrotta created intimate seating niches screened by verdant potted plants. One cozy nook pairs an ornate botanist's bench with a clean-lined concrete table by Currey & Company. Steps away, a hand-forged table with a Carrara marble top offers a convivial alfresco dining spot for six. End chairs are from JANUS et Cie; side chairs are from Palecek. Copper lanterns by Vaughan Designs keep the party going after dark.
