Eileen Kathryn Boyd

Pool House, Main Floor

Though she's always been colorful, Eileen Kathryn Boyd now has one more reason to turn up the color quotient. "My fabric line just launched," says Boyd. "It is a collection devoted to *color!* And what better opportunity to highlight color than a summer environment?" Brilliant yellow is the main event here, accompanied by splashes of fuchsia and teal—all kept in check with white woodwork and a neutral rug. "I love the daybed," says Boyd. "It anchors the space and is perfect for lounging après pool/sun!"

Brian Brady & Franco Biscardi

Pool House Rec Room

This pool house rec room is any teenager's dream haven. On one side of the room designed by Brian Brady and Franco Biscardi, handcrafted Ping-Pong and foosball tables mix with arresting modern art. An overscaled orange resin Popsicle hangs alongside an abstract painting by a local artist. On the other side, a lounging area is furnished with sculptural furnishings, iconic pop images, and an inviting sectional sofa. Says Biscardi, "The most important tip when working with a large, open room is to properly divide the space and break it down into areas that make sense coexisting."
